

FOR IMMEDIATE RELEASE

Agility Names Andy Douglas as Senior VP of Sales, Marketing and Service

Santa Ana, CA, September 16, 2014 — Agility Fuel Systems, the leading designer and producer of alternative fuel storage and delivery systems for heavy duty trucks and buses is pleased to announce that Andy Douglas will be joining Agility Fuel Systems as Senior Vice President of Sales, Marketing and Customer Service. During his 30+ year career in the transportation business, Mr. Douglas has held numerous executive positions with PACCAR and its divisions including; Kenworth, PACCAR Financial, and PacLease that have included both domestic and International assignments. Mr. Douglas holds a bachelor's degree in finance and economics, a Masters of Business Administration from Seattle University, and has attended Stanford Business School's Executive Education Program.

For the past 10 years, Mr. Douglas has led PACCAR's Natural Gas market initiatives and has worked aggressively to develop new markets throughout the NAFTA Region.

Barry Engle, Agility's CEO stated, "We are excited to bring Andy's vast heavy truck OE experience and leadership in the natural gas field to Agility Fuel Systems in order to

deepen our ability to serve customers with industry-leading technical products and provide outstanding fleet launch and aftermarket services”

#

Agility Fuel Systems is headquartered in Santa Ana, CA, and is the leader in the development of safe, reliable and cost effective natural gas systems for heavy trucks and buses. Agility’s unique advantage is turnkey natural gas fuel system solutions, from concept to installation.
